# Alexandria Gazette

TUESDAY EVENING, MARCH 14.

CHEESE AS FOOD -When cream is added to new mik, and the mix are is curdled, it firms very rich cheese as double Gloucester and S.il ton. When new mik a'one is used, the cheese is less rich, and is called Cheddar. We then get inferior qualities, as single Gloucester Cheshire and American. At first every variety of cheese is soft, and almost tasteless, but by ker ping it undergoes changes, and is said to be ripe. The change is dependent upon the growth of furgi and the formation of fatty acids Practical y, it amounts to this -we congthis fluid as the highest type of food, which it is, as spimale will sustain lite for an indefinite period upon it, we shall find by reasoning the sulject out how valuable it is as food. Sir. William Jeoner said some months ago that a pint of mi k was qu v lent in nu ritive power to an ordinary mutton encp; and as a pint of mllk will yield only one un co of cheese, we have s highly concentrated and cheap food. Uelsins wrote 1 600 years ago in favor of a prouliar company which the bakers meds, and which oneised of a mixipre of grain, lard, hon y and obesee, and which he called string food; and in some interesting letters which appeared in the Lindon times a short time son, we are told by and beer, and again at 9 o'clock they were fed in the same manner. The I salians live to a great extent on cheese and I dian corn. In fact, around the Lake of Como, these two foods, with a link wine and gerie, form the staple food of the people. In Greec, the common people eat enormously of cheese, which you can buy in the form of a gost, the casquistry. an old Wykehamist that the boys seventy years you oso buy in the form of a goat, the casgulared milk being formed into the skin .- English
